Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. STRENUOUS DENIAL

Roland Molinoux Says He Didn't Murder Mrs. Katherine Adams.

TROUBLE WITH CORNISH

Defendant in Celebrated Murder Trial Admits Knickerbocker Club Dissension.

But Sets Up a Categorical Denial of Any Knowledge of Mrs. Adams' Death.

New York, Nov. 1.—Roland B. Molinoux took the witness stand yesterday to testify in his own defense against the charge of murdering Mrs. Katherine J. Adams. In response to the questions of his counsel, former Governor Black, he declared his absolute innocence of any part or knowledge of the crime, and categorically

GENERAL MOLINOUX.
(Father of the defendant.)

denied that he had written the Barnes and Cornish letters; that he had ever made cyanide of mercury, or that he had ever seen the silver bottle holder in which the poison was sent until it was exhibited in court. He admitted having written and signed with his own hands one letter asking for a certain patent remedy, on the famous blue interlaced crescent paper, identical with that on which the Cornish letters were written, and said that he procured the paper at the Waldorf-Astoria hotel. His bitter differences with Cornish which resulted in his leaving the Knickerbocker Athletic club, were related by Molinoux without any apparent reserve.

The witness sustained unmovable a rigorous examination by Assistant District Attorney Osborne, answering readily all questions as to his past life, his relations with Cornish and Barnes and the efforts he and other members of the club had made to discover anyone who had a common enemy to the two named.

The feature of the cross-examination was Mr. Osborne's successful effort to place before the jury the substance of the testimony given at the first trial by Mattie Melando and Detective Farrell, but excluded by Justice Lambert. This was accomplished by the experiment of framing a series of questions relative to statements purporting to have been made by the witnesses outside of their testimony, but practically covering every essential feature of it, to which frequent and vehement objections were made by Mr. Black.

Throughout his examination and cross-examination Molinoux preserved an unruffled and confident demeanor, answering all questions promptly and even smiling occasionally when replying to his own counsel.

The announcement that a defense would be made, none having been undertaken at the first trial, and that Molinoux himself would face his accuser, drew an immense throng to the courtroom. In the afternoon so great was the crush that the police reserves were called out to preserve order and Justice Lambert himself had the utmost difficulty in forcing a passage through the crowd into the court.

Miles At Manila.

Manila, Nov. 1.—General Miles, who reached here Thursday on the United States transport Thomas from San Francisco, disembarked yesterday. A salute in his honor was fired from Ft. Santiago. General Davis and a squadron of cavalry met General Miles at the landing place in Manila and escorted him to the Malacanang palace, where Governor Taft and the other members of the civil commission awaited the visitor. General Miles has accepted Governor Taft's invitation to live at the palace while here.

Ladrones Captured.

Manila, Nov. 1.—Twenty members of the native constabulary of the island of Negros defeated seventy ladrones near Turica, Negros. The ladrones were entrenched and it took an hour's force fighting to dislodge them. Six of the bandits were killed and several of them were wounded. Their leader, a man named Dalmacio, was wounded and captured. Two guides in the employ of the constabulary were killed.

Deadly Gas Explosion.

Niagara Falls, N. Y., Nov. 1.—Four men were killed and two fatally injured by a gas explosion here last night.

A NOTABLE FEATURE

In the Trade Situation Is Confidence in Future Outlook.

New York, Nov. 1.—Bradstreet's weekly review of trade today says: Confidence in the outlook for next year's business is a notable feature in the trade situation. The volume of orders booked for next spring's delivery is large for this season of the year, and is explained partly by the exceptionally good business done of fall and winter account, and the large crop yields of the year, and also by the good position of the winter wheat crop as cold weather approaches. The absence of killing frosts at the South has allowed of the maturity of a considerable top crop of cotton. This has helped the trade situation there while acting as a brake upon the tendency of the price of that staple to advance. The demand for wheat has been active on milling account, the Pacific coast being reported buying at Northwest corn markets. Flour, though demand is reported less satisfactory, is higher on the week. Cotton goods are unchanged and quite steady. Distribution and the outlook in the dry goods trade generally is very good.

The great rush of fall buying at the West is now over, but orders are good although colder weather would benefit retail trade materially. A feature is the confidence with which buyers take hold of holiday goods, and give orders for spring delivery. Collections are as a whole good, but hesitation is still noted at some Southwestern markets. The winter wheat crop is all in and most of it is up and growing finely.

Wabash Shops Strike.

Springfield, Ill., Nov. 1.—Five hundred employees of the Wabash shops here went on strike yesterday in sympathy with the boilermakers, who struck a week ago for a uniform increase to 30 cents per hour in all departments. Those who quit work include blacksmiths, machinists, tinners and pipemen. The strike is general over the Wabash system and includes shops at Fort Wayne, Ind., Decatur, Ill., and Moberly, Mo.

Chauffeur Punished.

While driving an automobile on the Wallingford turnpike Marble struck a vehicle occupied by John Moiz and son. The former was thrown out and received injuries from which he died.

Boodler Convicted.

St. Louis, Nov. 1.—Edmund Bersch, former member of the house of delegates, was yesterday found guilty of perjury in his testimony before the grand jury as to the \$75,000 boodle fund raised to secure the passage of the suburban franchise bill, and sentenced to five years in the penitentiary.

THE REPUBLICAN PARTY AND TRUSTS

The republican remedy for trust evils is that announced by President Roosevelt. It is a federal supervision. The only remedy offered by the democratic party is free trade. The republican party recognizes the fact that in the commercial development of the world great combinations of capital have come to stay. These combinations have arisen not only in America but in Europe. America and Europe are fighting for the markets of the rest of the world. If America did not have large business organizations at this time we would be no match for Europe. The republican party would not destroy these great business organizations, but would pass laws to prevent evil influences, just as now, we do not prevent the organization of banks with large capital, but we do cause these banks to submit to a general federal supervision. The national banks of Seymour, for example, never know when an examine appointed by President Roosevelt will walk in and examine their books. Such a law does not hurt a bank that is doing a legitimate business, and a federal law to regulate in some respects all large corporations would not interfere with legitimate business. The democratic plan of free trade destroys business, destroys markets and produces panics.

Get out and vote early and then help get out the vote. That is all it will take to win a magnificent republican victory on election day.

One of the biggest of the big democrats, William C. Whitney, says: "The democratic party has neither a man to lead nor a principle to espouse this year." Whitney is disgusted and is likely to go to a horse race on election day.

The 42nd judicial district is entitled to a good prosecutor. Jim Hudson is not a good one and everybody knows it. The way to get a thoroughly capable prosecutor is to give your vote and influence to John M. Lewis.

In 1892, though the country was prosperous, the majority of the voters took chances on a change of political policies. Soon after they had voted for a change they realized their mistake, but it took four years to correct that mistake. They will not vote for a change this time.

FRANK FALK, candidate for treasurer, was in town this afternoon. Mr. Falk is one of the most progressive and enterprising men in Jackson county. He is just the man for treasurer. He is splendidly equipped from every standpoint. Give him your vote and your hearty support.

It is important to the taxpayers of Indiana that the legislature be republican. By economical management the republicans have saved the people's money and are paying off the state debt. Vote for Benj. F. Schneck and you will be voting to continue the reduction of the state debt.

A VOTE for the republican ticket on Tuesday is an endorsement of the administration of President Roosevelt. The President was right on Cuban reciprocity, he was right in the settlement of the great coal strike, and he is right on the trust question. Vote to uphold him and vote early Tuesday morning.

WHEN you vote for Joshua M. Spencer you will be voting for a man who stands for those policies that have brought boundless prosperity to the people. A vote for Marion Griffith is a vote in favor of the very policies that brought disaster in 1893. Which do you prefer?

THE Indianapolis Sentinel talks much of an imaginary enmity between Senators Fairbanks and Beveridge, but that paper is always imagining vain things. It is a well known fact that Senator Beveridge wherever he has gone has made a personal appeal for the re-election of the senior senator. And two years from now the strongest supporter the junior senator will have will be Senator Fairbanks.

A VERY large majority of all parties oppose personalities and mudslinging in a political campaign, and the recent attack upon Fasset A. Cotton, the republican candidate for superintendent of public instruction by the O'Brien crowd of democratic managers is being resented by democrats from all parts of the state. As the Indianapolis News well says a man with the sterling character of Mr. Cotton needs no defense. He is a man of such high character that he is away above suspicion. It was his well known superb character that gave him the nomination over worthy competitors, for it takes that kind of a man to stand between the people and some book companies. It is a well known fact, too, that the book companies were almost a unit against his nomination.

How a Farmer Proposes to Smash Trusts.

If we wait to get restrictive legislation against trusts we will be much older than we are now before we get it satisfactorily. There has been legislation against the whisky trust for many years, and the experience has been that we evade or violate these laws, or they are repealed by the higher courts.

A few years ago when the barbed wire and the wire nail combination advanced prices on their product we farmers cut down the use of these articles and down went the prices on wire and nails and they have been kept down ever since.

Last year when our pastures dried up on account of the drought and the corn crop was short we were not able to feed many cattle. The short supply and the heavy demand caused prices to advance. This year we have good pasture and an abundant corn crop. Therefore we have fat cattle to put on the market. Now if the town people will patronize their home butchers and give us farmers a home market for our cattle they will help "smash the beef trust."

The same applies to the biscuit trust. Let housewives make their own breads, cakes, etc. And if they cannot or do not wish to do this let them patronize the home bakeries, which are now up-to-date.

Last spring ten eastern combine mills formed a combination. Those mills outside the combination became alarmed, fearing that they would be crushed. But the operatives of the combine formed a counter combine and went out on a strike. The combine mills laid idle and the woolen mills outside the combine had more orders than they could fill.

The Standard Oil Company has had enough competition to keep it within bounds and because we have patronized its competitors prices have been kept down.

The bicycle combine has really collapsed. So has the wall paper trust. So we can buy bicycles and wall paper cheaper than ever.

Railroad combinations so called (mergers) have had their day. We are constructing electric lines all over the country and as their franchises limit them to fixed and low rates for passenger and freight traffic we can soon control the steam railroads by patronizing the electric lines. Give trusts and combines rope enough and they will hang themselves as many of them have done. J. C. F. Oct. 31, 1902.

A Sound Argument.

A man who has been a strong Democrat and party worker all his life said the other day that he was not taking any part in politics now. He said, "We have prosperity all about us. We have plenty of money, and low interest and plenty of work at good prices. Everything we have to sell is a good price and how could we better it by a change?" And there are thousands of Democrats all over the country who are thinking just that way. If they are not speaking out loud—Shelbyville Republican.

Too Busy For Their Own Good.

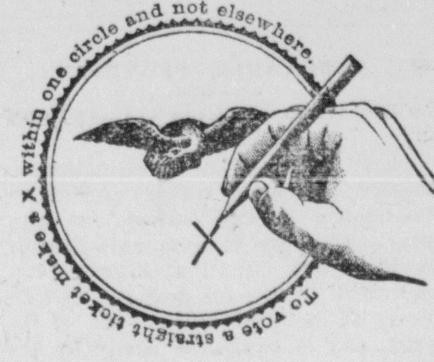

Men too busy to vote in 1892 regretted that they did not devote at least one day to the election when the gloomy days of 1898 came on.—O'Leary Progress Examiner.

OCTOBER WEATHER AND CROPS.

The Month Just Passed was Gen-
erally Pleasant—Crops in
Good Condition.

October, 1902, was abnormally
warm, with about normal amounts of
precipitation and sunshine. The war-
mest day was the 25th, with a tempera-
ture mean of 69 degrees, and the
coolest days were the 14th and 29th,
with temperature means of 43 degrees.
Cold waves were noted on the 12th and
27th, electrical storms occurred on the
12th, 16th and 26th, and killing frosts
formed on the 14th, 15th, 21st, 22d,
29th and 31st. The first ice of the
season—very thin—was noted on the
morning of the 29th. The winds were
mostly westerly and usually light.
Corn was perfectly matured and much
of the crop was garnered; in quantity
and quality the yield is much above
the average—the banner crop for 25
years.

Wheat sowing—about the usual
acreage—was finished and the young
growth is deep rooted and vigorous.
A few Hessian flies have appeared but
no damage has resulted from their
ravages. Fall pastures are in fine
condition and late vegetables are
abundant and good. The total pre-
cipitation was 2.95 inches and the heav-

Hallow'een Party.

Two backlogs of masked young
people in all sorts of grotesque cos-
tumes dived to the home of Wm.
Siefker at Rockford last evening to
celebrate Hallow'een in the proper
spirit. Mr. Siefker's home had been
abundantly decorated with pumpkins,
turnips, candles and other emblems of
the ghosts and goblins that go forth
on this night. The evening was spent
very enjoyably. Abundant refresh-
ments were served and at an early
hour this morning the guests returned
to their homes delighted with their
trip.

Hallow'een.

So far as reported there were no
out breaks of consequence Hallow'een.
Though the youngsters were out hav-
ing a good time, throwing corn, soap-
ing windows and making considerable
noise, they did little damage to prop-
erty. There was an occasional
"ghost" to be seen, but these are al-
ways expected on Hallow'een. There
were several Hallow'een parties where
fortunes were tried and where the
young folks made merry until a late
hour.

A STRONG, VIGOROUS MAN

Is Liable to Break Down—Peru-na is
Sure to Restore.

Hon. Frank Dunn, Alderman Twenty-Fourth District, writes
from 232 East Fifty-Eighth Street, New York City:
The Peru-na Medicine Co., Columbus, O.:

Gentlemen: "There is no remedy for a broken-down system
that I know of which will so effectually restore health as Peru-na.

"Whenever I am overworked or suffer from the consequences of
a cold a few doses of Peru-na builds me up again more quickly than
anything I ever tried. I find it especially valuable for catarrh.

Three bottles cured me three years ago of catarrh of the stomach and
I have never had the least symptoms of it since."

Very truly,

FRANK DUNN, Alderman 24th Dist., N. Y. City.

Last winter an infant child of mine
had croup in a violent form," says
Elder John W. Rogers, a Christian
Evangelist, of Filley, Mo. "I gave
her a few doses of Chamberlain's
Cough Remedy and in a short time all
danger was past and the child re-
covered." This remedy not only cures
croup, but when given as soon as the
first symptoms appear, will prevent
the attack. It contains no opium or
other harmful substance and may be
given as confidently to a baby as to
an adult. For sale by C. W. Milbous.

set mankind. They go straight to the seat of the
trouble, remove the excess, cleanse and cure the
affected parts, and give the system a general ton-
ic up. The Five Cent packet is enough for an or-
inary occasion. The family bottle, 40 cents, con-
tains a supply for a year. All drug-stores sell them.

A GOOD EXAMPLE

Roosevelt's Way Will Be Followed By Loubet.

Paris, Nov. 1.—President Loubet following the example set by President Roosevelt, is taking an active part in settling the French coal miners' strike. Yesterday he held an extended conference with M. Vincent, prefect of the department Du Nord, who

PRESIDENT LOUBET.

has been acting as intermediary between the strikers and the mine owners in that department. The mine owners have given the prefect the names of four persons who are to represent them in a conference with an equal number of strikers. In a semi-official statement given out last night President Loubet expresses hope for an early settlement of the strike and declares that this would be a political accomplishment beyond precedent.

IN SEYMOUR.

Every Claim Is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Seymour what can he do? Mr. Samuel Bahner of St. Louis avenue tobaccoist says: Doan's Kidney pills cured my kidney trouble which had caused much annoyance and suffering. I had lameness in my back especially acute when I brought any strain on the muscles of my loins and there was also a bladder difficulty. Learning of Doan's Kidney Pills sold at C. W. Milhous drugist I procured a box and almost at once obtained positive relief. I previously tried many other remedies but never found anything to equal Doan's Kidney Pills I can strongly recommend them to others.

For sale by all dealers. Price 50 cents. Foster & Milburn Co. Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Lynch Law.

Guthrie, O. T., Nov. 1.—Residents of Caddo county in the vicinity of Swan Lake have discovered the body of a man swinging to the limb of a tree, and it has developed that he was a member of a gang of horse thieves that terrorized that portion of Oklahoma for several months past. It is supposed that he was captured by farmers and lynched. All efforts to identify the man have proved futile.

Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rack made of ten penny nails, and thrust one nail entirely through her foot and a second half way through Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well-known merchant of Forkland Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment.—For sale by C. W. Milhous.

The Moro Campaign.

Manila, Nov. 1.—A telegram has been received here from General Sumner at Zamboanga, Mindanao, saying he is disposed to give the Bacolod Moros more time in which to make peace before capturing and destroying their strongholds. Captain Pershing reports to General Sumner that many additional Moro leaders have come in and pledged friendship and support to the Americans.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. Presented above are diagrams prepared by Gov. Durbin and used by him in his speeches throughout the state. The one shows the annual reduction of indebtedness beginning with the first year of the administration of Governor Mouton to the present time.

The other diagram, in like manner, indicates the reduction of the annual interest charges by years. The blank spaces showing the years 1903-1904 represent the two remaining years of Gov. Durbin's administration. When the statement is carried forward to include those years, Indiana's public debt will be wiped out and the interest thereon will cease. The diagrams are self explanatory, and reversed they represent monuments of the foresight, integrity and business capabilities of a Republican administration.

THE FAKE ISSUE OF INDIANA DEMOCRATIC LEADERSHIP.

Mr. Democrat, the leadership now predominant in your party in Indiana was in the saddle in 1892.

Under that leadership the Democratic party came into power in every branch of the federal government in 1893 and had a chance to manifest its antagonism to the trusts. What law was passed for their curtailment? WHAT TRUSTS WERE PUT OUT OF BUSINESS AS THE RESULT OF LEGISLATION ENACTED DURING THAT PERIOD OF ABSOLUTE DEMOCRATIC SUPREMACY?

Tariff reform is pushed forward at this juncture as a cure for the trust evil. WE HAD A DEMOCRATIC TARIFF REFORM LAW WITHIN THE MEMORY OF EVERY PERSON OLD ENOUGH TO VOTE. What trusts did it destroy? What relief did it bring to anybody? Who got anything out of the last Democratic administration excepting J. Pierpont Morgan, the trust magnate, who drove a thrifty bargain for a sale of bonds made to supply deficiencies in government revenue caused by a tariff for revenue law that produced ruin, but not revenue?

WHAT IS THE USE OF THEORIZING AS TO THE EFFICACY OF TARIFF REDUCTION AS A TRUST CURE, OR THE SINCERITY OF DEMOCRATIC LEADERSHIP IN ITS CLAIM THAT IT WOULD, IF ENTRUSTED WITH POWER, REMEDY THE TRUST EVIL, WHEN THAT SAME CURE AND THAT SAME LEADERSHIP WERE BEING PUT TO THE TEST ONLY SEVEN YEARS AGO, AND FAILED TO ACCOMPLISH ANYTHING EXCEPTING TO BRING UPON THE COUNTRY THE WORST "HARD TIMES" PERIOD WITHIN THE EXPERIENCE OF THE AMERICAN PEOPLE?

If the tariff is the mother of trusts, who brought into the world the trusts which infest every country in Europe? Who brought into the world the one hundred and fifty trusts formed in this country for the control of commodities on which there is no protection? If the tariff is the mother of trusts, why did none of them go out of business under the Wilson-Gorman tariff law, when legitimate enterprises went to the wall by thousands?

If the fault rests in the non-enforcement of existing laws, as alleged by Mr. Olney, why did not the only Democratic administration this generation has known, with Mr. Olney as attorney general, enforce them? If the need is for additional laws, why did not an administration Democratic in every branch, enact such legislation during a period of absolute Democratic control? If, as Mr. Bryan late of Ohio alleged, a constitutional amendment is necessary in order that effective legislation may be had, why did the Democratic members of the Fifty-sixth congress, by their solidly arrayed opposition, prevent the submission of such an amendment to the American people?

THE CONTENTION THAT THE WAY TO KILL THE TRUSTS IS TO DESTROY PROTECTION IS CONCEIVED IN INSINCERITY, AND ITS ADVANCEMENT IN LIEU OF ANY PRACTICAL PROGRAMME IS IN ITSELF AN OPEN CONFESSION OF INSINCERITY ON THE PART OF DEMOCRATIC LEADERSHIP.

But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman with wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.
